Key Terms:

Administrative Fees paid to a consultant are capped at 13% for incumbent worker training and 20% of payment for new hire training.

Payment Earned means the amount of funding a company or other contractor is entitled to retain, if all performance standards are met.

Performance Standards are measured per-trainee. There are three basic standards: hours of training delivered, period of time retained in employment and wages earned post-retention.

Not Applicable means the company or other contractor did not, or has not decided whether to hire a consultant.
