GUIDELINES AND PILOTS: Refer to [ETP Website](#) or your Monitoring Analyst.

Guidelines for Applying Fixed-Fee Reimbursement Rates

- ETP has established standard (maximum) trainer-to-trainee ratio requirements for Class/Lab (CL)/Productive Lab (PL)/ Instructor Led/Distance Learning (E-Learning) and Advanced Technology (AT) training, regardless of the class composition (ETP trainees and non-ETP trainees), upon which the fixed-fee reimbursement rates for ETP agreements are based:

Retrainees:	1:20
New Hires:	1:15
AT:	1:10

Note: For variances, contact your ETP Development Analyst.

- Small Business:** The hourly rates are applicable to (1) single small businesses with 100 or fewer, full-time employees in California, **but** no more than 250 worldwide; and, (2) Multiple Employer Contracts (MEC) serving small businesses with 100 or fewer, full time employees in California, but no more than 250 worldwide.
- Advanced Technology (AT):** The AT rates are applicable to skills training which requires a trainer-to-trainee ratio of 1:10 or less and is customized to occupations which involve the production or use of the most sophisticated equipment and software in fields such as electronics, computers, and biotechnology.

Note: If the trainer-to-trainee ratio exceeds 1:10, a second trainer must be present during instruction, and the overall trainer-to-trainee ratio must not exceed 2:20. (Note: The 1:10 ratio is not applicable to small businesses as defined above).

- Budget:** An Applicant need not submit a budget if they are requesting: (a) a rate on the ETP's Fixed-Fee Reimbursement Rate Table; or, (b) a reimbursable rate for training and administration of less than the Fixed-Fee.
- Priority Industries:** Industry sectors and priority initiatives identified in the current ETP [Strategic Plan](#), and defined by the NAICS codes below, receive 20% more funding than standard reimbursement rates.

Industry sectors identified as priorities:

- Accommodation and Food Services
- Agriculture, Forestry, Fishing and Hunting
- Arts, Entertainment, and Recreation
- Construction
- Finance and Insurance
- Health Care and Social Assistance
- Information
- Manufacturing
- Mining, Quarrying, and Oil and Gas Extraction
- Other Services (except Public Administration)
- Professional, Scientific, and Technical Services
- Retail Trade
- Transportation and Warehousing
- Utilities

ETP NAICS INDUSTRY GUIDE

Priority Industry designations may provide benefits of a higher reimbursement rate than the standard rate, or lower wage requirements (panel approval on case-by-case basis). Priority Industry status does not impact the application process no does it indicate eligibility or guarantee funding.
