

Additional Training Demonstration Courses for Customers!!!

Please see below the additional course offerings for ETP customers!

Enrollments: Thursday, 11/10/16, from 2:00 – 4:00 PM

Tracking Training Hours: Tuesday, 11/15/16, from 9:30 – 11:30 AM

These courses are being offered via Go-To Meeting, and will be in a demonstration format. Participants will not need access to a second screen/computer for these trainings, since they are demonstration previews only. This process is the same for Single Employers and for MECs, so customers of both types are welcome to attend.

We are also offering a refresher course on Single Employer Preliminary Applications, also in Go-To Meeting format. This course can be taken as a demonstration, or, if you have completed the Registration process in the ETMS Training Site and have a Username and Password in that site, you can follow along with the training on your own computer to create a practice Single Employer Preliminary Application.

Single Employer Preliminary Applications: Wednesday, 11/16/16, from 9:30 – 11:30.

Please send your RSVP to ETMSHelp@etp.ca.gov, and you will receive a confirmation email with the Go-To Meeting information included. For the Single Employer Preliminary Application course, you will also receive a link to the ETMS Training Site.
